Domestic violence is a leading cause of family homelessness. Over 30% of families in New York City shelters are fleeing abuse.
At the end of their time-limited shelter stay, families too often find themselves homeless again.
New Destiny addresses this challenge – the need for safe, affordable permanent housing for survivors of domestic violence and their children.
At the heart of our work is our service-enriched affordable housing.
Our trauma-informed services foster long-term stability and help survivors begin new lives.
We help foster community and new support networks for adults and children.
We empower tenants to build safe futures for themselves and their children.
Each year nearly all the households in our buildings remain stable and free from violence.
Housing Development

- 7 completed projects with 190 units
- 2 projects in development with 104 units
- 2 joint ventures in development with 146 units for households headed by domestic violence survivors

HousingLink connects homeless and low-income domestic violence survivors to safe, affordable housing and provides aftercare to foster housing stability.
HousingLink’s success has been recognized by the U.S. Dept. of Housing and Urban Development with a $997,000 grant.

“Homelessness, as a result of domestic violence, can be traumatic and devastating to survivors. Since its launch in 2014, HousingLink has provided support to survivors at the NYC Family Justice Centers when they need it the most.”

Cecile Noel, Commissioner
Major’s Office to End Domestic and Gender-Based Violence
“It has been a year and one day since I left my entire life behind. But every difficulty and barrier was worth it if I get peace and an opportunity to live in dignity. *I would not have been able to achieve this dream without HousingLink.*”

- HousingLink client
Our online Housing Resource Center is visited by over 100,000 individuals each year.
